Conclusion re SKORZENY report. Sidespread 150 Panzer Brigade to cause morale among Germans or deceive American captors. P/W's saw nothing written on project nor heard from SKORZENY himself. Comparatively low rank and more likely to spread rumors than facts.
SKORZENY is CO 150 Panzer Brigade with cover name SOLAR. Slightly wounded—eye splinters 14 shell few days before attack. Possibly within activity sphere of SKORZENY.
